HazMat Transportation Safety Officer Workshop
Jessamine County Fire District, Station 1
1310 South Main Street, Nicholasville, KY 40356
December 16 – 1:00pm–4:00pm
December 17 – 8:00am–4:30pm
December 18 – 8:00am–4:30pm

Course Description:

This 24 hour workshop focuses on the fundamentals and skills essential to performing the duties of a Safety Officer under the Incident Command System during emergency response to hazmat transportation incidents. Participants will learn techniques for safety assessments, job hazard analysis, and performing as a Safety Officer operating within the ICS incident management structure. Participants will also learn develop tools for their response agency in preparation for enhancing safe emergency operations.

Course will also cover

- Safety Officer duties under the Incident Command System
- Collecting information to prepare the ICS Form 215a
- Job/Work Hazard Analysis
- Health and Safety Planning
- Additional safety resources

Student Criteria:

This course is open to all Emergency Management, Rescue, Fire, Emergency Medical, Environmental Response, Public Health, and Law Enforcement personnel or any organization having responsibility for responding to a hazardous materials incident. Recommended prerequisites beneficial to the student: HazMat Awareness and Operations. You **MUST** be at least 18 years old to register for this class.

Special Notes:

Advance student registration is **REQUIRED** and must be received by November 15, 2019 in order to participate in this course. You are considered accepted as a student in this class upon receipt of your application by this office so you will not receive a letter acknowledging that acceptance. Meals, lodging, and travel arrangements/expenses are the responsibility of the student and will **NOT** be reimbursed by KYEM unless otherwise noted.

Registration:

Registration application for the course can be completed using the following link:
